The Centre for Maritime Safety and Security in Tanzania

WHAT DEFINES US

The Centre for Maritime Safety and Security in Tanzania (CMSS) is a registered non-governmental organization working to promote safety, security, and sustainability across Tanzania's marine and inland water.

CMSS collaborate with communities, institutions, and government bodies to protect ocean resources and secure a resilient maritime future. As a youth led organization, we fostering proponents and allies to building institutional capacity and promoting evidence-based practices that safeguard ocean resources while strengthen sustainable blue economy.

VISION STATEMENT

A resilient, inclusive, and well-governed maritime future for Tanzania.

MISION STATEMENT

To advance maritime safety, security, and environmental stewardship across Tanzania's marine and inland waters.

REASON TO WORK WITH US

The Centre for Maritime Safety and Security in Tanzania is vital for protecting its extensive coastline and crucial maritime gateways which facilitate trade for neighboring countries. Due to uniquely opportunities of Tanzania's maritime sector, our efforts aimed at establishing a safe, secure, and sustainable maritime environment conducive to economic prosperity.

Realizing Blue Economy is essential for promoting sustainable economic growth, improving livelihoods, and protecting marine ecosystem, CMSS enable sustainable utilization of maritime resources-fisheries, aquaculture, tourism, and shipping to reduce poverty to youth and women and diversify the economy towards middle-status goals particularly in Tanzania.

Core Values

Stewardship

We champion responsible use and protection of aquatic ecosystems for current and future generations.

Collaboration

We work in partnerships with communities, institutions, and government bodies to co-create solutions.

Integrity

We uphold transparency, accountability, and ethical conduct in all our engagements.

Resilience

We promote adaptive strategies that strengthen maritime preparedness and climate responsiveness.

Innovation

We embrace data-driven approaches and emerging technologies to enhance maritime governance.

Equity

We advocate for inclusive participation and gender-responsive practice in maritime safety and resource management.

Warm Welcome to Donors, Partners & Stakeholders

It is with distinct honor and pleasure to invite our esteemed donors, partners, and stakeholders to collaborate with us in strengthening Tanzania's maritime safety, security, and a sustainable blue economy. Joining us in supporting CMSS as we work to enhance Tanzania's maritime capabilities and build a brighter, more secure future for our shared marine domain. With immense gratitude for your commitment, we encourage your collaboration as we align our resources to unlock the potential of Tanzania's maritime sector. As we stand at a pivotal moment, we embracing donors, partners, and stakeholders to forge transformative partnership for sustainable development of resilience development of ocean resource, environmental stewardship, and marine economy. We extend a friendly greeting to all stakeholders to inviting you and work closely with us to strengthen maritime governance and security across Tanzania.
